For Immediate Release
Tuesday, August 11, 2015
Lake Jackson, Texas

PRESS RELEASE

NOTICE TO THE GENERAL PUBLIC OF IMPENDING ROAD WORK STARTUP ON WINDING WAY (Between 212 and 218)

ATTENTION: Residents, Police, Fire, EMS, School District, City Employees and others.

In preparation for the Camellia Street and Camellia Court reconstruction project, beginning Thursday, August 13, 2015 Sorrell Construction will begin installing a 24" drainage pipe across Winding Way between 212 and 214. In an effort to complete this project before the start of the school there will be a full road closure to allow the large equipment to be maneuvered and materials installed. A 20 foot section of the street will need to be removed and re-poured and will be closed to allow a proper cure time before it is opened to the traffic on or before, August 31, 2015.

The contractors will also be excavating along the street right-of-way and into the drainage easement between 216 and 218 Winding Way portions of the driveways at 214 and 216 will need to be removed and replaced also.

Expect traffic detours and restricted access in the work zone. Please observe construction zone regulations and signs as they will be enforced by our police department.

We apologize for any inconvenience these needed improvements may create for you.

Sincerely,

Sal Aguirre
City Engineer
