

The City of Lake Jackson has transitioned to Nixle as our new emergency communications system. Signing up for this service will allow the city to send you notifications about inclement weather, hazardous situations, and other important public safety advisories.

To sign up for alerts from the City of Lake Jackson:

1. Enter an email address and phone number where you would like to receive messages and make a selection for voice messages.
2. Click "I accept the terms & conditions" followed by the sign-up button
3. You will receive the following message and a confirmation of your registration:
"Thank you for registering to receive urgent public safety alerts and community information from City of Lake Jackson. You will receive a confirmation SMS message shortly. Reply YES to finish the process. Text STOP to 888777 to stop messages."

Please Note: You can opt out of this service at any time.

If you have any questions please call (979)415-2407.
