For Immediate Release
May 13, 2020
Lake Jackson, Texas

COVID-19 CASES & TESTING UPDATES

The increases in cases of COVID-19 in Brazoria County are still being driven by the outbreak in the various prison units in the county and the outbreak in that nursing home in Pearland.

Lake Jackson still has one active case left in the city. But, with the increase in testing over this past weekend and this week, we may see an uptick in cases for our area.

Speaking of testing, the Community Health Network is hosting testing at Brazosport College through Friday of this week. You must pre-register to be tested. Times at the testing site are 10am to 4pm. Call 281-824-1480 to pre-register. We are very grateful for CHN bringing this free testing site to our area.

The testing site at MacLean Park this past Saturday, operated by the Texas Military, tested 101 people. We again, thank the Texas Military for providing that testing opportunity for residents.

We are all still awaiting the Governor's next steps related to the economy. We will let you know what he says when the time comes. In the meantime, please continue to social distance and wear a mask when you are in public and use proper hygiene. We also continue to encourage our businesses to follow the Governor's orders.

Please be safe.
