**For Immediate Release**  
**May 22, 2020**  
**Lake Jackson, Texas**

### **COVID-19 CASES & OPENINGS UPDATES**

The latest report from Brazoria County still has our city with 17 confirmed cases of COVID-19 since the pandemic began. Of these 17, 14 have recovered leaving us with 3 active cases in the city.

The County has had 816 confirmed cases, of which 253 are inmates at the various prison units in the county. This leaves 563 resident cases. And, of these resident cases, 408 have recovered, giving the county 155 active cases. Pearland has 93 of the active cases, many of these are tied to a nursing home in that city. To date 11 people have died from COVID-19 in the Brazoria County (6 residents and 5 inmates).

Our prayers continue for a full recovery of all those battling this disease and to those who have lost loved ones.

Today marks the next phase of Governor Abbott's reopening of the Texas economy. Restaurants are now allowed to go to 50% capacity if they have the space to do that and still social distance. Anyone wanting to see what the Governor is allowing and not allowing to open and under what conditions can go to [gov.texas.gov/opentexas](http://gov.texas.gov/opentexas).

The Memorial Day weekend is upon us. Please enjoy your holiday and take time to remember those who have given their life in defense of our country.
